wish to undertake the project entitled:

Chat application

Supervisor name: Yang He

Special resources needed for this project are:

Special resources are those not normally available by default and may include installation of special software, access to hardware, access to books/archives/papers/datasets not available in the University Library, subscriptions to online services, etc.

Ethics (please check one of the following boxes)

- ☐ This project will entail research involving human participants and the following is attached to this form:
- Ethics Review Checklist (available from the COMP8800/WCOMP880 Moodle page)
 - A paragraph describing the project (this can be provided on the final page of this form)
- ☒ This project **will not** entail research involving human participants

To be completed and signed by the main supervisor for the project

I agree to supervise the project for the student(s) named above and have made sure that any special resources mentioned above will be available for the start of the project.

If one or more of the students doing this project is on the MSc in Cybersecurity, then the project must be in the cybersecurity area. If this is the case, please tick this box to confirm that the project is appropriate: ☐ Please do not accept a student studying for this degree for a project that is not appropriate.

SUPERVISOR'S SIGNATURE

DATE

[If the supervisor is not around to sign the form, a printout of an email from the supervisor clearly stating that they will supervise the projects and listing the student(s) name(s) and project title, can be attached to the form.]

When signed and completed, this form should be submitted to Moodle **by 23:55 Tuesday 14th February 2023.**

If the project involves human participants, the students should fill out this box with a brief description of the project and how human participants are involved:
